14300 FANG DRIVE
JACKSONVILLE, FLORIDA 32218-7933

12 February 2013

125TH FIGHTER WING
COMMANDER'S ENVIRONMENTAL STATEMENT

1. The 125th Fighter Wing (125 FW) operates F-15 Eagle air superiority fighters, and an RC-26 Counterdrug aircraft. The 125 FW is assigned to the 1st Air Force, and performs both homeland defense and expeditionary combat missions. The 125 FW maintains continuous F-15 air sovereignty alert at Homestead ARB, Fla., and is a force provider to Air Combat Command in support of the Air Expeditionary Force. The 125 FW also supports state and local missions under the command of the Adjutant General of Florida, providing trained and equipped personnel to protect life and property, and to preserve peace, order and public safety.

2. Environmental protection is a high priority for management, as well as the responsibility of every worker, contractor and supplier. Our vision is to reduce or eliminate waste streams through pollution prevention and continual improvement processes to our impacts on manmade and natural resources. Additionally, the 125 FW will maintain compliance with all applicable environmental requirements to include federal, state and local regulations, as well as other requirements such as Executive Orders and Air Force Instructions. Our basic principles are: Safety, Security, Health and Environmental compliance in everything we do.

3. Every worker is responsible for environmental protection in the same manner as worker safety, health and installation security awareness. The 125 FW will establish and maintain environmental objectives and targets relative to its significant environmental aspects and will monitor progress toward achieving our objectives.

4. The 125 FW is strongly committed to continued excellence, leadership and stewardship in the protection of the environment.

BRIAN M. SIMPLER, Colonel, FLANG
Commander
